REACHING EVERY HOME In The GREATER CUCAMONGA DISTRICT

The CUCAMONGA News

SERVING CUCAMONGA, ALTA LOMA, ETIWANDA Supplement To Upland News PRICE 10c Single Copy Thursday, April 6, 1961

. . . And CUCAMONGA

BY HOLLIS GUTHRIE

Signs of the Times — National Orange Show posters spotted in store windows throughout the District advertising the opening date, April 20, of this annual citrus spectacle held every year in the fair city of San Bernardino.

A sure sign of progress when local Real Estate people get their heads together; and a mighty good sign of the times, too. In fact, history was made ltst week when Leon Lucas, well known and successful land developer and real estate broker of Cucamonga, had for his guests at a luncheon at Brando's some of the leading real estate brokers and salepeople of the area to hold a general discussion on a community wide beautification program. Such items as appropriate type of real estate and general business signs and how they could be improved upon to give the newcomer to the district the proper impression of Cucamonga, Alta Loma and Etiwanda.

Also to instigate a paint up and clean up properties campaign-enlisting the aid of the County Road Department, local plants, contractors, business and professional people and homeowners and vacant lot owners. The fire department was asked to help in controlling combustible rubbish.

One project that was discussed, which has been a pet with us over the years, is the erection of welcome signs at the district's borders. We have always wondered why a big sign couldn't be built at Grove Avenue and Foothill Blvd, reading "WELCOME TO CUCAMONGA - ALTA LOMA-ETIWANDA" and another one at Etiwanda and Foothill Blvd. reading "WELCOME TO ETIWANDA-ALTA LOMA-CUCAMONGA."

Then on the San Bernardino Freeway at Vineyard and Archibald Avenues signs with arrows pointing north reading "CUCAMONGA-ALTA LOMA"

This goes for Haven Avenue at the freeway, too. It's true these projects take money, but if all the local service club organizations contributed towards the program and added their plaques, stating the time and place of their meetings, to these WELCOME SIGNS, the cost could be pretty well divided up. And then the whole district would feel it was in on the act.

Members of the real estate profession attending this informal civic improvement meeting were Leon Lucas, Lucas Land Company; the host; Mrs. Rosalie Kamansky, Kamansky Realty; Betty McNay, Realtor; Dixie Crawley, Strout Realty; Michael Scarlata, Cucamonga Realty; George Parker, Real Estate and Insurance; Tom Kelley of The Sun Realty; Herb Vaughan of Lucas Land Company; Morgan Edwards of The Betty McNay office; Bill Finch, representative of The First American Title Insurance Company of San Bernardino; Norman Hixson, secretary-manager of the Cucamonga County Water District; and Arvid Lewis, Fire chief of the Cucamonga Fire Department.

According to the 1960 official census data sent to the Cucamonga District Chamber of Commerce office and released by Louis P. Vincent, president, Alta Loma has a total popultaion of 1,821 and total dwelling units of 583; Cucamonga's population is 7,528, with 2,233 dwelling units, and Etiwanda has credit for 787 population and 229 dwelling units. These figures were prepared and sent out to unincorporated areas by the San Bernardino County Planning Department, which is under the direction of Neil B. Pfulb.

Cucamonga in particular, is at the stage where it should take inventory of its assets and short comings and correct and improve same.

Great Need

One of the greatest needs for a growing community where large industrial plants are locating are new shopping centers and entertainment projects such as bowling alleys, tourist wonderland parks, motels, mobile home parks and apartment houses and a sewerage disposal system.

This can be accomplished by the formation of a Sewer District. Let your board of directors of the Cucamonga District Chamber of Commerce know your reaction regarding a sanitation district.

They are Louis Vincent, president; Roy Taylor, vice president; Peter Ramirez, treasurer; directors Leon Lucas, Gene Billings, Harry Holloway, Paul Mindrum, Ancil

DR. MERLE COX, Upland, does dental work for Kay Henderson, while trainee Marion Taylor assists. Chaffey College Dental Assistant-trainees are working with local dentists as part of their training program.

Alta Loma School District

JACK WHITNEY

Jack Whitney, incumbent on the Alta Loma School District Board, is married and has three boys in school. He attended Cucamonga Central and Chaffey High School.

He is employed at Western Mouldings in Upland. He is president of Cucamonga District Youth Association and Assistant District Commissioner, Boy Scouts of America.

1. Several years experience with the problems facing us.

2. and 3. We have too many small districts but this problem will take considerable study.

4. My answer to 2 and 3 is also embraced for question 4.

LLOYD MICHAEL

Lloyd Michael lives with his wife, Marian, at 7138 Carnelian, Alta Loma, and their four children, Dennis 13, Marjanne 11, Anita 9, and Virginia 5 years old.

Born in Pomona and attended Ontario Elementary schools and graudated from Chaffey High School. Attended Cal-Poly in San Luis Obispo prior to entering the Air Force, spent two and one-half years in the European theatre.

After the war was partner in Kramer Construction Co. for five years, owner-operator of retail lumber business for eight years and has been a resident of the Alta Loma area for 14 years.

Has been owner of citrus property in Alta Loma for over 10 years and now full time is spent operating own citrus property and in citrus related industry. Has served as president of the Ontario-Upland Optimist Club.

As a local taxpayer I am interested in property taxes in our district and having four children attending the Alta Loma Elementary School I am vitally interested in educating our children in the finest possible way and still maintain our present tax rate. I believe the curriculum should be the very highest level possible commensurate with the requirements of state levels.

I thoroughly believe that unification is the only logical step for our district to make and will support it completely.

GEORGE CHALFANT

Occupation: pediatrician, office in Upland

Married; wife Jo Anne, Three children; six years, five years, three years.

Education: Cornell University; Albany Medical College (N.Y.)

No prior public office. Member of San Antonio Community Hospital Staff. Member of Board of Directors, Ontario Rotary Club. Member of Board of Directors, Ontario-Upland Y.M.C.A.

1. Why should I be elected?

I believe that I have the interest, the training, and the experience in dealing with the problems of children which could be used with advantage by our school district in the years ahead. I believe that everyone has a civic obligation to the community in which he lives and that one way to fulfill this obligation would be to serve on a school board. Since our future depends on our children, an adequate and smooth running school system is one of the great services a community can provide.

2. What changes should be made?

I believe that continued planning should be done to provide for a growing population and that we should continue to build adequate school facilities at a reasonable expense to our tax payers. We should keep abreast of new mthods and deveiopments in education and continue to improve the scholastic standards in our schools.

3. What is your opinion on unification?

I have read Mr. Woodward's Study on Unification of School Districts, and I certainly feel that some unification will be advisable. At this time I am opposed to overall unification of all nine school districts into one district, but would perhaps rather see a unification of Alta Loma School District with Cucamonga, Cucamonga Central, Etiwanda and possibly Guasti.

Such a unified school district would be able to provide better facilities, such as separate junior high schools, and probably more accessible special teaching services. Planning for continued growth would be easier in a unified district.

4. What improvements should be made?

I have no definite proposals for changes in school curriculum. It is more a matter of seeing that the present high standards are maintained with the continued growth of the area.

LEE HUNTER

Lee Hunter, Homeowner, 9470 La Grande, Came to California in 1925 from Arkansas where I received my grade schooling and high school.

I have lived in Alta Loma with my wife, Imogene for past 30 years —Have the responsibility of educating two girls. Foster daughter Shirley age 11 and granddaughter Debra, age 9.

Have been employed for past 10 years at Sunkist Orange Product (Plant Protection Guard). I have never held elective office.

1. I should be elected so that I may give my services and help to the school district to best of my ability.

2. Changes in District should be made for improvement and betterment as we have finances to do it with.

3. Unification only if we see advantages for the District.

4. The addition of the high school which is to be completed in 1963 is one improvement we need. Another is the rooms which are being put up by September for the extra space needed to take care of the children and others as needed for better education.

Cucamonga School District

LEE REA

I am married and have five children in the Cucamonga schools and have lived in the school district three years, buying my home at 8623 Vinmar Ave.

Two years at College of Puget Sound, one year at UCLA. Retired from U.S. Army with rank of major. Thirty seven months POW in WW2 and am now associated with the Farmers Insurance Group.

1: I believe a business man with conservative ideas is needed to offset some of the liberal thinking that exists on the present school board.

2.: Bring the pay scale of the teachers and classified employees more in line with other districts in the West End. Return control of the school district back to the local level, away from the Great White Father in Sacramento.

3: If the school districts must take steps towards unification safeguards must be taken to insure that local representation is from each school district involved and not vested in a small group living in populated areas.

4. I believe the facilities are ample at this time. I would like to see more 'hard core" subjects taught, such as the three R's and less time spent in clay molding, finger painting and square dancing. At some future date, shop facility to teach the students elementary mechanics and homemaking.

ELLIDIE HAWKINS

In January of 1947, my husband, Robbie A. Hawkins and I purchased an appliance store in Upland, operating under the name of Upland Home Appliance.

On March 1, 1953, we sold half interest in the business and have operated a partnership since that time. In the more than 14 years of business I have worked as bookkeeper and all around general assistant for a goodly portion of the time. Feb. 28 of this year we sold and retired from active participation in the business.

We have two children, Bill, 17, a senior and Diane, 16, a junior, at Upland high school. They are both graduates of the Cucamonga School.

I received my formal education in Oregon and Canada.

My activities include two years as Parent-Teachers Club president at Cucamonga School, three years as Den Mother of Cub Scouts and two years as Neighborhood chairman for Girl Scouts, All in the Cucamonga area.

I was appointed to a Trustee for the Cucamonga School District in July of 1957 to fill out a year of Mrs. Greco's term when she resigned. I was then elected to a three year term which I am still serving. This is my third year as president of the Board.

I was treasurer for the San Bernardino County School Boards Association for two years.

Why should I be be elected? My only reason for asking to be elected to the Board of Trustees again is my experience in school and business matters. Operating a school district is a complex business and large sums of money are involved. It takes about two years on the board before you begin to learn enough about it to become efficient. In less than four years that I have served there have been six changes in board membership.

As for changes in the district, that is a difficult question to answer. I would like to see junior high program started as soon as possible. Our main concern is to get the best education possible for our children with the funds available.

The unification problem is a complex one and needs further study. I feel that unification might prove feasible by making about three unified districts from the Chaffey High School District, but so far the various districts have come to no real conclusion.

The curriculum should provide a strong enough program so that at the students are prepared for high school when they graduate.

At the present time no real change in facilities can be made because of lack of funds, and such changes must be approved by the State and County.

Dental Plan At Chaffey

Chaffey College and local members of the dental profession are cooperating in a program aimed at giving the college's 32 dental assistant trainees practical knowledge of and experience in the field which they will soon be entering.

The college program, which is now a one-year course of instruction, includes second semester in-service practice at the offices of local dentists. Under this program, girls are rotated among several offices for an eight week period.

Among area girls participating in the program are Vivian Collins, Cucamonga, and Sara Nelson, Upland.

Upland dentists who will take part are: Glen Baker, Merle Cox, Emery Johnson, Stephen Kogut, Robert Lawson, Earle Pomije, Joseph Scanlon and Robert Kuentzel.

NEW GIRL IN TOWN

A daughter was born to Mr. and Mrs. Loren Gerdes, 5579 Hermosa Ave., Alta Loma, on Mar. 30 at San Antonio Community Hospital in Upland.

Indians expect U.S. foreign policy shift.

Taxation is the most successful levy ever made upon selfishness.

School District Candidates Express Views on Questions

Central School District

DOROTHY McGIVNEY

Married, three children, two in Upland High School, one in Central Cucamonga. Girl Scout leader and Den Mother (Cub Scouts) five years. Graduate of Susan M. Dorsey High School. Attended University of Southern California, special studies in Economics and Psychology. Presently employed as a Tax Consultant in Cucamonga.

Elective offices held; Member Presbyterian Congress-Child Welfare and Youth Service -one year. President-Womens Auxiliary-Boy Scouts of America -1 year. Centinella Valley Welfare Federation Member - 8 years.

Appointed: Business and Residential Chairman, Community Chest -three years. Associate Member -Board of Trustees, Hawthorne School District — eight years.

Why I should be elected!

Central School District should have equal representation from those living in all areas in the district. I do not feel this is the case on the present board.

What changes should be made in the district as it is now operating!

A district with two schools and a third in the offing requires wider spread knowledge of problems inherent in this expanding community. The operation still seems to be running a little behind area expansion problems.

What is your stand and opinion on unification!

If we plan on becoming a city at some future date, unification is a must. How to unify becomes a most important problem. We can not afford to cast off industrial area, tax wise, to separate North and South Cucamonga. I feel it behooves an enlightened communiy to keep Cucamonga in its entirety since both areas have important factors in their favor.

What improvements in facilities and curriculum should be made and how financed!

In California the problem of improving and expanding facilities is an important one. Financing means higher taxes, but publication and concerted effort of all people concerned is often the solution to this. Understanding, by the taxpayer, of what is being sought after is of primary importance. Since a Point One program is operating in this area, paid for by the state as a whole, I feel that there is a necessity for also operating a program for advanced students in primary grades, far and beyond what is now being done. Junior High facilities can stand a great deal of improvement towards getting children ready for High School. Although more importance is being given to reading with understanding, much is still to be accomplished curriculum wise towards building standards of excellance. A child who can not read can not grow in understanding. He is the one who frequently leaves high school because he can not keep up, and becomes a much greater expense to the taxpayer, either as a delinquent or welfare case.

ORVAL MINNEY

Orval Minney, 9842 Hampshire St., Cucamonga; family status — wife, Jean; children, Martha, 12, Denon, 10, David ,8, and Judith, 3.

Education — B.S. physiology, B.A. Business Administration, both from the University of Toledo. M.S. Industrial Hygiene, Engineering from the University of Pittsburgh.

Occupation — Research Engineer, Bio-engineering Space and Information Systems at North American Aviation, Downey. Research and test of life support systems and training methods for man-in-space programs.

1. To provide the latest concepts in education and training to the school board's delibertaions.

2. A closer working relationship between the Board, the PTA and the teaching staff to support a coordinated program.

3. I do not feel the California regulations on unification are just or designed to serve the best interests of the students. I shall stand opposed to any peremptory attempt at unification. Any action considered by the Board should be justifiable as being to the best interests of the eductaion of the children in that district.

4. I feel that science and technology are the outstanding features of our culture and man can not be in tune with this age without understanding something of science. It seems to me that writing, painting, and music have become weak, ineffective and discouraged by seeking nourishment in the decaying remains of the past.

Grade schools can not make scientists, but they can give all talents an understanding of the principles of the age of technology we live in. I feel our mathematic program is antiquated and that Physics, Chemistry and Biology should be presented specifically, not as general science.

KONRAD FACKNITZ

Name: Konrad Albert Facknitz, Age 36, Born April 6, 1925.

Education: BA University of Michigan in Psychology, MS Los Angeles State College, Industrial and Social Psychology. Presently attending the Claremont Graduate School.

Family Status: Married; wife's name —Julianne. Three children; Ann, age 12; Mark, age 11, and Katherine, age 8.

Occupation: Training Supervisor, Kaiser Steel Corp., Fontana, part-time instructor at Chaffey College; teaching basic Psychology for Supervisors, and Human Relations.

Offices: Past three years Central District School Board of Trustees member. Member and former treasurer American Society of Training Directors, Sierra Chapter. Member of the National Management Association.

Background Data: Former positions include: Director of Patient Education, Maybury Sanitarium, Northville, Mich. Supervisor of Personnel, Planning and Recruiting, Chrysler Corporation, Detroit, Mich. Salary Administrator, Ford Motor Company, Detroit, Mich.

In response to your four questions:

1. Why should I be elected?

In the past three years the Central School District has begun such important projects as ability grouping and foreign language study, and has requested increased emphases in reading, English and arithmetic. In addition, we have undertaken to construct and staff a new Junior High School. I should like to contribute my support and experience toward a continuation of these projects, therefore, I am seeking re-election.

2. What changes should be made in the district as it is now operating?

By and large the district is successful and worthy of the pride many citizens feel in it. Certainly much remains to be done. Our most urgent need is to attract top teachers and to motivate our present teachers toward greater excellence. Our challenge as a relatively small rural community is to give our children the best that a large city school system can offer, and yet retain the advantages of a small school.

3. What is your stand and opinion on unification?

I have studied this problem from all angles. Unification has one major benefit according to those who support it; it reduces taxes. However, case studies invariably prove that it costs more to unify. Moreover, unification makes a district difficult to manage. Increased size leads to an increase in bureaucratic controls, less direct local control of curriculum and school operation, and more costly operation.

4. What improvements in facilities and curriculum should be made and how financed?

Our present Junior High School building program will provide adequate facilities for the next few years. It will be financed with money from the sale of bonds and from State aid approved in a recent election. Curriculum improvements are a continuing thing. The board is now considering recommendations to expand the teaching of geography and history and to increase the number of pupils receiving foreign language instruction, as well as a program to improve reading ability. My fundamental concern is that the children be taught the basic subjects: reading, writing, and arithmetic.

CORYNNE HANZLIK

I am seeking election to the Central School Board of Trustees in Cucamonga as an incumbent, having served three years by election and a partial term preceding by appointment.

A Cucamonga resident for eight years, I am a native to California and received my education at San Diego State College.

My husband is Edward E. Hanzlik, who is with Convair, and we have three children; Fred a senior, and Eddie a freshman at Upland High School, and Anita a third grader at Valle Vista.

I have served my community on Study Groups for a Junior high, methods of reporting, library services, prior to my serving on the Board. Also as PTA president of a unit and have had elected offices at Council and District level of PTA

1. Being fully aware of Board policy, procedure, and projected planning, I can better serve during a second term of office. I feel I have an understanding of the attitudes, wishes, and needs of the District, as well as the need for honest and thoughtful opinions frankly expressed in the best interest of the schools. I am aware of the time and energy necessary, and willing to give it for the children of the community.

2. I would like to see the grouping, foreign language program, and the elective enrichment program strengthened. I feel a stronger academic preparation is needed for our students before they enter high school.

3. Unification in some form has merit, if the Districts are not too large. I have participated in some basic studies of the subject, and feel it will aid some districts financially, and smooth the educational program from elementary to secondary level.

4. Improvements in the facilities for Central District will materialize with the completion of our junior high. A specialized program for students at this level, with emphasis on math, English, geography and history, and study habits, will improve the present system. Until industry moves into the district or we unify, we will continue to be financed by local taxes and state aid.

JACK HERMES

I live at 8229 Placida Ct., Cucamonga, with my wife and two children, Chuckie, 8, and Jackie, 10. My children attend Valle Vista School. I have lived in the Central School District for the past 6 years.

I was born in Anaheim, and attended elementary school in Fullerton. I moved to this area to attend Chaffey Union High School and graduated from there in 1942. I then entered the Navy and served for three years. I was a first Class Petty Officer when I was discharged.

I have been employed at M.K. Smith Chevrolet in Ontario for the past 14 years where I am parts manager.

I am also interested in youth work and am active in Cub Scouts and Little League. At the present time I am Cubmaster of the Valle Vista Cub Pack 3.

As a native son and resident of this area for the past 22 years, I have watched the population growth and the increasing problem of adequate school systems. The operation of the Central School District at the present time is to be commended. However, due to the increasing number of children entering the district the school board will have to keep abreast of the changing trends in education.

In the future the question of unification will arise. I feel as though unification should be discussed at that time and the decisions should be made, depending on the conditions at that time.

The new Junior High is a necessary improvement to our school facilities. The curriculum should be such as to prepare our students for the work load they will have in higher schooling. Future school facilties are a must if we are to keep abreast of the fast pace we are living today.

First Aid Course

A standard American Red Cross first aid class will begin April 13 at the chapter house, according to James M. Walker, first aid chairman for the West San Bernardino County Chapter.

Open to the general public the class will be taught by Jack Carnina. It will be held on six consecutive Thursday evenings from 7:30 to 9:30.

Those interested are asked to call YUkon 6-0082 for preliminary registration.

The News, to better acquaint its readers with candidates seeking office in the April 18 school district trustee election, contacted each candidate and requested that they submit for publication a brief history of themselves and a stand on four questions asked of each candidate.

A picture of each candidate was also requested and a deadline was established for receiving copy. This was done to give all an equal opportunity.

The copy received has not been altered, it is in the candidates' own words Some, for various reasons, did not supply pictures.

Reports from these candidates are listed on the Cucamonga News page under the heading of the school district in which they are seeking office.

The questions asked of each candidate are as follows:

1. Why should I be elected?
2. What changes should be made in the district as it is now operating?
3. What is your stand on unification?
4. What improvements in facilities and curriculum should be made and how financed?

Lions Hear Orange Show Night Plans

Miss Cucamonga District, Diana Marie Myskow, acompanied by her parents, was guest of honor at the Cucamonga District Lions Club meeting held at Jong's Chinese Restaurant on Wednesday.

A senior at Upland High School, Miss Myskow, sponsored by the Cucamonga District Chamber of Commerce, represented Alta Loma, Cucamonga and Etiwanda in the National Orange Show Queen contest of 1961 on March 23 at the Swing auditorium.

Diana Marie told the Lions about the Chamber of Commerce's community exhibit being constructed which will serve as a public relations medium for the communities of Alta Loma, Cucamonga and Etiwanda at the National Orange Show of 1961, April 20 through April 30.

Kaiser Advances Etiwanda Man To New Position

Appointment of James E. Tredennick to the new position of superintendent of Inspection at Kaiser Steel Corporation, Fontana Plant, has been announced by Ralph L. Vaughn, assistant general superintendent of Technical Services.

Tredennick, his wife Jacqueline, and their sons, Charles, 21, and James, 18, reside at 13204 Summit Ave., Etiwanda.

Tredennick came to Kaiser Steel in 1951 as plant metal lurgist. In 1953 he was appointed division metallurgist. He has held the position of division metallurgist, Iron and Steel, for the past eight years.

He was employed for 15 years by Bethlehem Steel Corporation in Johnstown, Pa., starting as a trainee. He held positions of shift supervisor, observer foreman, and then became division metallurgist, open hearth, primary and plate mills.

A native of Johnstown, Tredennick attended schools there and then entered Virginia Polytechnic Institute. He transfererd to the University of Pittsburgh where he received a B.S. degree in metallurgy.

James Tredennick

Sampson Attends Religious Retreat

Army PFC Rodney J. Sampson, son of Mr. and Mrs. Loren A. Sampson, 6729 Hermosa Ave., Alta Loma, recently attended a five-day religious retreat at the Army's Far East retreat site near Seoul in Korea.

The 19-year-old soldier is a 1960 graduate of Upland High School.

NEW BOY in Town

Mr. and Mrs. Jerry Wallace Salyers, 9918 E. Foothill Blvd., Cucamonga, are the parents of a son, born Mar. 28 in San Antonio Community Hospital in Upland.

Dedicated To Building A Bigger And Better Community In Which To Work, Live And Relax

AN EDITORIAL

Complexity Facing Voters

Vital elections for positions on the school boards of our area will be held Tuesday, April 18.

To summarize the complexity facing voters, it is interesting to note that 42 different persons are running for 26 available positions in nine different districts in this area.

To help the voters sort out the candidates, we have asked each of the 42 persons to supply us with a picture and a biographical sketch which we will run in the newspaper.

We also asked four questions of every candidate:

1. Why should you be elected?
2. What changes should be made in the district as it is now operating?
3. What is your stand and opinion on unification?
4. What improvements in facilities and curriculum should be made and how financed?

We are proud to present this mass of information for you to read. We are the first to admit that it will take careful attention to this information and personal knowledge of the candidates to pick the proper winners in each district.

* * *

Out of all the races, there is one that we feel we must comment on extensively this week and next.

This is the race for three positions by eight persons in the Chaffey Union High School District.

Usually in politics when you wish a man defeated you don't mention his name. We feel compelled, however, to dwell upon the candidacy of one Robert N. Fick.

We cannot emphasize too much that all voters should IGNORE this man and NOT VOTE for him.

If he should be elected by some miracle, or by split voting or "single-shotting," our High School District would enter a new era of confusion and chaos.

The history of Mr. Fick shows that he was recalled by the voters in Montclair from his position on the City Council.

This recall is significant, for Montclair had about the worst mess in politics that any West End city has seen for years upon years. And at the heart of all the trouble was one Mr. Robert Fick.

This man still is dabbling in public affairs. He participated in a last-minute smear campaign that helped defeat a much-needed sewer bond issue in Montclair. This campaign was handled by a very few men and women in a secret organization that still operates secretly in Montclair.

Astute political observers feel that Mr. Fick will run again for the City Council in Montclair next year, and that the Chaffey High School District could be, at a minimum, a stepping stone for publicity and other public office.

Mr. Fick has a mighty big axe to grind concerning the High School District, also. He was a teacher at Chaffey, and resigned his position at the same time he was recalled from the Council in Montclair.

If his approach to public problems is the same as past history has shown, the High School District will be in constant turmoil as to personnel and operating procedures from the day Mr. Fick takes his place on the Board.

If he is elected we predict he will be recalled.

* * *

If we have violated the first rule of politics — never to mention an opponent's name — we hope you will forgive us this time.

We feel we owe our readers and citizens the truth about a candidate whom we most definitely hope you will bypass and vote against.

HOMETOWN AMERICA

Governor Brown Lauds Red Cross Activities

Gov. Brown has congratulated the California chapters of the American Red Cross for their work during the past year.

The Governor's comments came during a conference with Williard E. Nielsen, chairman of the Sacramento Chapter of the Red Cross. Nielsen took Gov. Brown a copy of the report of activities during the past year. "In one way or another, every California family benefits from the training and services provided by the Red Cross," Nielsen told the Governor.

The majority of the 125 Red Cross chapters in the state are conducting campaigns throughout the month of March to secure the members and funds needed to assure continuation of Red Cross services in California, Nielsen pointed out.

Gov. Brown urged Californians to give generous support to the Red Cross and to participate in its programs.

Many Californians are alive today because of Red Cross training in first aid, swimming, lifesaving, boating, and home nursing skills, according to the report to the Governor.

To help combat traffic injuries and deaths, Red Cross volunteers, trained and alert to give help to accident victims, manned 110 California Red Cross Highway First Aid Stations, the report said.

More than 180,800 pints of blood collected by Red Cross Regional Blood Centers in Los Angeles and San Jose for patients in 200 hospitals serving six counties in the state also helped to save lives and relieve suffering, it said.

More than 180,000 active military service personnel, veterans, and their families were given Red Cross help during the past year. Patients in 23 military and 9 veterans' hospitals also were provided with Red Cross services.

Although during the year there was no large-scale disaster in the state, minor floods, brush and forest fires, and an explosion brought nine chapters into action with expenditures of $50,039 to help 108 families. Other California chapters cooperated with civil defense agencies in preparedness planning for disaster situations which could happen at any time in any community.

The work of the Red Cross in California was made possible by the skill and education of more than 125,000 volunteers, the report concluded.

"The extent of Red Cross activities for the people of this state is impressive evidence that Red Cross is an important part of community activity," Gov. Brown said. "We continue to need a strong Red Cross in California," he declared.

FROM THE MAIL BOX

Dear Editor:

We wish to express our sincere appreciation to you both for the fine cooperation that has been extended to each and every PTA publicity chairman during the past year.

Our many plans, events and reports of PTA activities have been accurately printed in the Upland News and we feel that this coverage is indeed a community service. It not only informs the parents in the communities served but also gives first-hand information to interested readers.

We especially appreciate the fine editorials that helped Foothill Council so much during its organizational period.

At this time of year we relinquish our publicity chairmanships to our successors.

We offer a combined Thank you.

Signed:

Mrs. Lloyd Michael, Alta Loma; Mrs. Virgil Books, Baldy View; Mrs. Charles Perez, Cucamonga Central; Mrs. George Janes, Etiwanda; Mrs. J. C. Rosebraugh, Upland Elementary; Mrs. Joe Kamansky, Upland High; Mrs. Paul Geren, Upland Junior High; Mrs. Gordon Ayers, Sierra Vista; Mrs. Ramon Romo, Valle Vista; Mrs. Milton Fisher, Foothill Council.

Elementary School Menu

April 10-14

Spaghetti with meat sauce, buttered green beans, French bread and butter, cheese wedges, orange slices, pears and milk.

Tuesday

Beef roll and gravy, buttered vegetable mix, carrot and celery sticks, citrus cup and milk.

Wednesday

Meat pizza, buttered corn, tossed green salad, tomato wedges, Vienna bread and butter, fruit cocktail and milk.

Thursday

Hamburgers on buns with vegetable relish, potato salad, tomato slices, carrot sticks, pickles, peach cobbler and milk.

Friday

Tuna and noodles, buttered peas and carrots, cole slaw, peanut butter and jelly sandwiches, strawberry ice cream and milk.

Another... Viewpoint

by Howard Archer

History has a way of repeating itself, and while we may not be able to peer into the future, the future may be visualized through past history.

Today exists a popular belief that the Federal government should provide an endless list of benefits from welfare to education.

With centralized bureaucracy replacing local responsibility, the fate of the Roman Empire offers a suggestive hint as to what might happen to the United States.

From the Encyclopedia Britannica we lift the following quotation concerning the fall of the Roman Empire.

"Nothing could compensate for the lack of self-determination. And, although during the first century and a half of imperial rule a flourishing, local patriotism in some degree filled the place of the wider sentiment, this gradually sank into decay and became a pretext, under cover of which the lower classes in several communities took toll of their wealthier fellow citizens in the shape of public works, largesses, amusements, etc., until resources at the disposal of the rich ran dry.

THE TASK

"The communities themselves in many cases became insolvent. The organs of civil life became atrophied, political interest died out and the whole burden of administration, as well as of defense, fell upon the shoulders of the bureaucracy which proved unequal to the task."

A great deal of the credit for the prosperity and well-being of the United States rests on the fact that the nation was established on the belief that man is a free agent, responsible for his acts and his relationship with others; that through faith, self-reliance and individual initative, people are capable of improvement.

Had this country of ours been established on the false notion that the government should do things for people, rather than the people doing things for themselves, we would be neither free nor prosperous.

One of the burning needs of our time, is to turn back to state and local government the rights, responsibilities and obligations which belong to state and local government.

This would save barrels of tax money, but more importantly huge savings of the precious coin of character and principle.

THE LESSON

When will we learn that taxes taken by government are extracted from the standard of living of every citizen? If you tax only business, the price of goods goes up; if you tax only property, the cost of rent or ownership goes up.

No matter what you tax, every penny taken away must be substracted from the earnings of producers. It must be deducted from money which would otherwise be spent or invested to increase the growth and prosperity of the nation.

How impertinent can bureaucracy get? A bill was recently introduced to the Washington State Legislature to prohibit service station operators from exhibiting signs showing how much gasoline tax motorists have to pay.

If Patrick Henry thought taxation without representation was bad, he ought to see it with representation!

Highlander Topics

by Ragna Olausen

Hi! Ho! Lads and lasses! You are now enjoying the last long vacation before summer. Both the waterfront and the inland playgrounds afford the hideouts of youd fellow classmates. of your fellow classmates.

The beach, Newport and of the most popular of the vacation spots. A certain group of Junior girls who are spending the week at Newport have taken an unusual wardrobe with them. It consists of one pair bermudas, one sweatshirt, one pair shoes, and either one or two bathing suits.

One fine Highlander, Bernie Angel, is spending his vacation in San Antonio Community Hospital. He is having an opertaion on his leg. Get Well quick, Bernie! Just think of all the fun you're missing.

When you arrive back at school bright and early Monday morning, a whole new quarter of activity will start. At the top of the list is the Upland Invitational Swim meet to be held after school on Tuesday in our pool. Be there and see some of the finest swimming competition that a high school can offer.

During the school day on Tuesday, a representative of the armed forces will be on campus to speak to you in your P. E. classes. I'm sure this will be of prime interest to many of you.

Chino Relays

This coming Friday, the annual Chino Relays wil be held at 6:30 at Chino. All the schools in the Tri-County League submit entries in this activity, so if you can, go to Chino and support your track team. All of the Highland track team will appreciate the gesture.

For those of you who have run out of things to do for the rest of vactaion, I have some sugestions. If you're in the mood for reading, delve into PROFILES IN COURAGE, by John F. Kennedy. This book, from the pen of our president, was awarded the Pulitzer Prize.

YANKEE STRANGER, a novel by Thane, is easier reading, but also enjoyable. So if you so desire, grab a book!

The UHS top ten popular records for this week are: 1. Apache by Jorgen Ingman; 2. A Hundred Pounds of Clay by Gene McDaniels; 3. Spanish Harlem by Ben E. King; 4. Surrender by Elvis Presley; 5. Mother in Law by Ernie K-Doe; 6. Portrait of My Love by Steve Lawrence; 7. Asia Minor by Kokomo; 8. Utopia by Frank Gari; 9. Lazy River by Bobby Darin; and 10. Angel on my Shoulder by Shelby Flint.

A fine movie which now has quite a long engagement in Los Angeles is "Gone with the Wind." If you have an opportunity to get into the city, be sure to see this excellent production.

The Hollywood Pops Symphony orchestra has recently released a new LP album called Motion in Percussion. Listen to it, I think you'll like it.

If, at about this time, you're terribly desperate for something to do, you can always attempt to do that homework which has been hanging over your head since last Friday.

Whatever you're doing this vacation, have a swell time and get the restlessness etc. out of your systems. Remember, when you come back to school, you have to settle down to nine weeks of hard study. Have fun, and remember that school reopens at 7:58 a.m. sharp on Monday.

REPEAT WINNER — Tim Haap, Upland, representing Red Hills Country Club, for the second straight year grabbed the Division I boys crown in the 11th annual Los Angeles Boys and Girls Junior Golf Championships staged by City Recreation and Park Department March 27-29. Shown with Haap is Americ Hadley, supervisor of golf for Los Angeles Recreation and Park Department.

How many times has this man saved your life?

LIKE most of us, when the kids are in the car, you get that "extra careful" feeling. You know, that's the same way your friend—the service station dealer—feels when you stop by to see him.

Over the years, you've probably come to take your service station dealer pretty much for granted. But when your kids are riding with you, aren't you glad you took his advice and had your brakes checked? His suggestions—small though they may seem to be—may have saved your life more than once. His interest in your safety is more than interest in a customer—it's concern about a friend.

And what a valuable "extra" if your own service station gives you S&H Green Stamps. You know, of course, that half the families in America save them.

Your S&H Green Stamps make it possible for you to choose from over 1,500 top-quality, famous brand-name items at your S&H Green Stamp Redemption Store.

Memorial Film Library Established by Lions

Mrs. Harry Picard was welcomed as a new member at the most recent meeting of the Board of Directors of the Upland Chapter, American National Red Cross. Mrs. Picard is an instructor and Public Relations officer at Upland High School.

It was announced that a Memorial Film Library Fund has been established in the name of Fred E. Draper by the Upland Club of Lions International. The Chapter immediately intends to purchase first aid films for use in all first aid classes, and which also will be loaned to community organizations.

The Board approved a request from the Pacific Area office in San Francisco to send Margaret Steinbrugge, chairman of the Physical Education Department at Upland High School, to the National Aquatic School in Riverside, this summer, as an instructor in the school.

Miss Steinbrugge is accredited to the Upland Chapter as a water safety instructor. It is an honor to be invited to attend the Aquatic School in this capacity.

Rex Wignall, Director of Chaffey College, announced that a water safety instructions program will be offered at the college this summer.

Harvey Stone, first aid chairman, presented the evening's program on the Chapter's first aid work. A Red Cross film on mouth - to-mouth resuscitation was shown. Since much enthusiasm was displayed by Board members, in the First Aid program, more First Aid films will be shown at the next Board meeting.

Carolyn Van Wert, a member of the Future Business Leaders of America Club of Upland High School, was a guest at the meeting.

Contest Prize Winners Named

Beatrice Ross, 8684 Arrow Hwy., Upland, won a $100 gift certificate in the recent contest sponsored by Bernina Sewing Center of Upland.

A $50 gift certificate went to C. B. Hill, 4949 W. Holt, Montclair.

Other winners include E. M. Vensel, 741 N. Cucamonga, Ontario; R. Barira, 691 West St., Upland.

The grand prize, a sewing machine, went to Gilbert Fino, 122 E. Phillips, Ontario.

MEMBERS of the Chaffey College Merchandising Club organized the area's first bed pushing contest this week to publicize the forthcoming Miss Ontario International Airport Queen contest. The queen will be selected April 26. The parade is pictured as it passed along Euclid Ave., at the intersection of 9th St., in Upland.

RACHEL DURAN, Upland High School student, was elected vice president of Section Ten, Future Homemakers of America, at the recent convention at Coachella Valley Union High School, Coachella. Rachel is president of the Upland High School chapter. Kathy Gomez, UHS FHA member, was elected parliamentarian of the Section. Over 200 girls representing 15 high schools attended the convention, which carried the theme, "Keys to Our Future." Diane Cartwright was the third Upland High School delegate. Also attending were Mrs. Wilma Klepper, Mrs. Rachel Bissitt, Ceci Gomez, and Mrs. C. Cartwright. Pictured, from left, are Diane Cartwright, Mrs. Bissitt, Miss Duran and Miss Gomez.

Santa Claus Bake Sale Nets $123

The Bake Sale last week netted $123.50, announced John Devlin, president, at a recent Board meeting of the Santa Claus, Inc. "This money will be used to assist in procuring materials for sewing doll clothes, repairing toys and hundreds of other items needed to get all in readiness for Christmas distribution to approximately 2,200 needy children," Devlin added.

The following organizations contributed to the success of the Bake Sale by making homemade items to sell — TOPS, Corinthians Tri-Hi-Y, Denaides Tri-Hi-Y, Future Homemakers of Chaffey High School, Girl Scout Troops Nos. 80 and 166, Firebelles, Columbians, Westminister Presbyterian Church Pilot Group, Job's Daughters Mothers' Club, Congregational Church Women's Fellowship, Quo Vadis, and many annonymous contributions.

Plans were made for an Upland area bake sale to be held on Saturday, April 22, with location to be announced at a later date. Mrs. Lloyd Aanstad was asked to contact Upland organiztaions for homemade baked goods.

Harry Courtney, chairman of the special projects committee announced that "should any community organizations desire to set up a schedule for assisting in toy repairs, painting and many other activities requiring volunteer help, to contact him at YUkon 650-57."

He further stresed, "that although this seems many months from the Christmas season, still, this is the time of year for groups to make their plans."

Rev. Hart Will Deliver Message

In the pulpit Sunday for both the 9:30 and 11:00 a. m. worship services at First Presbyterian Church, 869 N. Euclid Ave., will be the Rev. Trusten A. Hart, former pastor. Last July Rev. Hart left Upland to accept a call to the First Presbyterian Church at Vancouver, Wash.

Why Buy? has been announced as his sermon theme here. Under direction of Burton Jackson, the three choirs will be singing.

Mrs. Hart will accompany her husband here and a coffee hour is being arranged after each service so that all may have an opportunity to meet them. During the week Rev. Hart will be in the desert and Mrs. Hart will be visiting her mother in San Diego.

New glasses use minimum frame.

Foreign language stress is eased by U.S.I.A.

Upland High Drill Team Is Named

Mary Pollock, drill team coach of Upland High School, has announced the members of the teams, chosen by tryout, for next year.

They are: Jane Lawson, Karen Fraizer, Tony Diehl, Judy Ornelas, Tina Meza, Pam Roelen, Ann Reading, Ann Runnells, Donna Livingston, Kathie Wilhelm, Marcia Myers, Linda Glenn, Nancy Wangler, Rachel Ynostroza, Kathy Gomez, Mary Surleta, Lupe Laidlaw, Christine Volpendesta, Anna Aguilar, Paula Makabe, Pat Asper, Karen Tibbitts, Jill Cutler, Ann McGivney, Caryl Mace, Darlene Bryan, Rachel Ross, Heidi Wolcott, Elizabeth McPherson, and Sue Baker.

Substitutes: Diane Standage, Doreen Halley, and Anna Ketley.

Majorettes: Carol Kulhavy, Mary Ann Murray, Charyl Gatling, Bonnie Mackenzie, Gloria Guzman, and Jean Mefferd.

Flag Twirlers: Janet Murray, Carole Van Wert, Ann Carlson, Patsy Swihart, Paige Carlson, Mabel Lincke, Stephie White, Jan Littleton, Joyce Horton, and Peggy Schmidt.

Committee members have been appointed and work is progressing on the Invitational Workshop for Drill Teams scheduled for Saturday, April 22. Over 40 schools will be represented by teams. The public is invited.

Patricia Mayhew Heads French Club At Upland High

Patricia Mayhew was elected president of Upland High School's Cercle Francais for the second semester, at a recent meeting.

Other new officers are Margaret Arner, vice president; Catherine Vandevelde, secretary; Ken Walker, treasurer, and Warren Attebury, steward. Committee chairmen: publicity, Dennise Horrer; rules, Margaret Arner; entertainment, Patricia Mayhew; nominating, Catherine Vandevelde, and program, Toni Adams.

Joseph Stone, outgoing president, supervised the meeting and election.

Civil Service Tests Planned

A Federal Civil Service Examination for clerk-typist and stenographers will be given at Chaffey College on April 29 at 8:30 a.m. The exams will last for three and a half hours. If there is sufficient demand, another session will be given at 1:00 p.m.

The Civil Service Agency will administer the tests.

College students and the general public are invited to take the tests making themselves eligible to hold Civil Service positions.

The tests will be given in Room B-11 in the Business Building at Chaffey College.

Applications necessary for taking the test may be obtained at the Business Division Office in the Business Education Building, Chaffey College, room 9-E on or after April 10, or they will be mailed on request.

Chaffey College Will Play Host To Spring Event

Chaffey College Panther Blacks and Panther Women will serve as guides and hostesses for some 600 junior college educators when the spring meeting of Southern California Junior College Association gets underway at Chaffey College April 15.

Wendell Black, president of Harbor Junior College will introduce the featured speaker Dr. Robert H. Maybury, Associate Professor of Chemistry at the University of Redlands. Dr. Maybury will speak on The Pursuit of Excellence in Education.

According to Dr. Jack Martin, executive secretary of the association, the conference general session will open at 9:30 a. m., following a social hour for all those in attendance.

After the keynote address, 30 subject area groups will discuss different areas of the junior college program, varying from administrative problems to academic fields.

The purpose of the SCJCA, which was organized in 1916, is to promote the advancement of public, junior college education. Through research, investigation, discussion and publication in the problems of the public junior college, the association attempts to enable its members to be more effictive in education.

More than 30 Southern California junior colleges are members of the organization.
